47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support broadband competition! In todays changing world it is important to keep-services like Sonic in place so we can have competitive rates for all. Sonic is by far the fastest internet service I have used. Where I live there is pretty much a monopoly on my cable service with just one company for everyones cable, internet and tv. This unfortunately keeps our rates high, but letting companies like sonic share broadband it helps everyone with keeping costs lower. Please allow broadband competition!!
